## Fraternity & Sorority Life at San Francisco State University

The fraternity and sorority (Greek Life) community at San Francisco State University, a California State University, is diverse, encompassing national, regional, and local chapters that offer students opportunities to form lifelong bonds through brotherhood and sisterhood. With 31 active chapters and six Greek Councils, Greek Life provides enriching experiences that include giving back through community service, fundraising for important causes, and participating in both social and academic activities. These experiences foster personal growth, leadership and professional development, and create a sense of belonging, allowing students to build meaningful relationships and enhance their overall university experience while positively impacting both campus and the surrounding community.

## Chapter Management

Recognized and active chapters at San Francisco State University are supported with opportunities to become engaged leaders, positively contributing to their organization and the campus community. Chapter leadership receives continuous guidance, support, and resources, enhancing their growth and activities throughout the year. Workshops and resources provided in collaboration with campus partners ensure the success and sustainability of the Greek Life community.

### ***Key programs and expectations include:***

- Annual Re-registration and Recognition
- Student Leader Orientation Modules (SLO)
- Monthly Chapter Executive Meetings
- Registered Student Organization Summit (RSOS)
- One-on-one Chapter President Meetings
- Annual Greek Life Summit

### **Education & Safety**

All registered organizations and clubs are required to complete the annual Student Leader Orientation (SLO). This provides an overview of university requirements for recognition, establishment of bylaws, understanding campus policies for events, and organizational operations. Student Activities & Events supports chapters with event planning, leadership development, conflict management, and navigating Time, Place, and Manner (TPM) policies for both on- and off-campus success. The Student Activities & Events Office collaborates with the following departments: Risk Management, Conference & Events Services, and University Police to ensure student safety for university sanctioned events.

### **Title IX**

Recognized fraternity and sorority chapters must comply with Title IX regulations, promoting a safe, non-discriminatory environment for all members. Chapters receive annual training and additional trainings upon request or in coordination with university or CSU system-wide mandates, on preventing and addressing sexual misconduct, harassment, and gender-based violence to ensure that fraternity and sorority life remains supportive and inclusive. Annual training occurs at the Greek Summit each Fall semester in collaboration with the Office of Equity Programs & Compliance.

### **Hazing Prevention**

Hazing prevention is a core focus of Greek Life. All chapters are educated on anti-hazing policies and the dangers associated with such behaviors. Through workshops, training, and university oversight, students are informed of the legal and ethical consequences of hazing, ensuring that all new member processes foster a positive and safe environment.
